EXPLANATORY NOTE: This Index covers the ninth year of the publication of AMERICAN HERITAGE as a "magazine in book form"—i.e. with hard covers and without advertising.

The index is divided into two parts:

Part one, the General Index, is an index of subjects, authors, names, places, and titles appearing in the six issues from December, 1962, through October, 1963.

Part two is a separate Index of Illustrations. Because of the emphasis AMERICAN HERITAGE places on pictures, all illustrations in Volume XIV are classified in this section by artist, title, and subject.

Additional copies of this ninth annual Index, as well as the Indexes for the first eight years of the hard-cover publication of AMERICAN HERITAGE, are available at \$1 each from the magazine's Sundry Department, 239 Great Neck Road, Great Neck, Long Island, New York. A Cumulative Index, in hard covers, completely cross-referenced and containing a special index of illustrations, including all the entries for the issues from December, 1954, through October, 1959, has been prepared and is available for \$3.

Prior to December, 1954, AMERICAN HERITAGE was published for five years as a soft-cover quarterly. A subject and author index for the first four of those years (VOLUMES I-IV) was compiled by its editors and is available for 25 cents.

Beginning with VOLUME V, AMERICAN HERITAGE has been indexed in the *Readers' Guide to Periodical Literature*, available in most libraries.
